About PlanCheckNC

PlanCheckNC is a unique grassroots networking of Neighborhood Councils to promote more stakeholder participation in planning and land use issues and make government more responsive to local community needs. It is the purpose of PlanCheckNC to help Neighborhood Councils and their stakeholders to have the knowledge and tools to develop a vision reflective of the values of neighborhood residents and to develop and implement a land use framework that enables all stakeholders to feel that they are a part of the community, supported and valued by the community and safe in the community.

FUTURE MEETING DATE: February 8, 2014
