Mr. Uzemeck,

I'm writing in response to to your Elections Challenger for the West Hills Neighborhood Council election held on March 16, 2014.

You stated that your Challenge was based on "Electioneering by Candidates."

You continue by explaining that a Candidate was electioneering based on his presence at the polling location.

The Poll Manager, along with the Independent Elections Administrator and the Independent Elections Coordinator, is responsible for ensuring that all election rules are in force and that the candidates are in compliance.

None of them are able to corroborate your claim that the Candidate was electioneering. The only evidence your offer is a picture of the Candidate at the polling location but that can't be construed as electioneering without supporting evidence.

As such, your Election Challenge is not a valid challenge and no action will be taken.

Thank you for your commitment to the integrity of the Neighborhood Council electoral process.
