REASON FOR CHALLENGE: Concerns regarding Ballots  
Eligibility of Voter

---

Please state the facts for your challenge.  
(max 500 words)

There are two (2) factors for this challenge: 1. Several residential stakeholders who went to the polling place where refused at the poll because of a discrepancy in their driver's lisc and their residential address. They were not offered a provisional voting form so that their address could be verified. All of these stakeholders are residents of Valley Circle Estates which is a CCR community in Woodland Hills. All are verified residential homeowners. All should have been given provisional ballots. One of those turned away wrote an e-mail (attached). I couldn't get e-mails from the others. But, I believe it would have changed the results of the election. 2) The owns of a gas station at 23706 Victory Bl. brought in 3-5 employees who actually work at his firm's stations located outside of Area-4. Documents were falsified to show they were employed at the Victory station and not at the locations where they actually work. That is voter fraud and id it tipped a very close election. My proof is word of mouth from two poll workers at the election site. Their concerns were ignored by Mr. Jay Handal-- the election "judge."

Please state your desired remedy. (max 100 words)

There are three possible remedies: 1. Throw out the results for the Area-4 Residential Representative and hold a new election at a site in Area 4 in the next 30 days. 2. Have a vote count and inquiry in front of both candidates for the Area-4 Residential position. Each contested ballot could be looked up. 3. Because the race was so close and there were obvious voter and poll worker violations, declare that the race ended in a tie and have both candidates share the position.
